OFFICE HOURS: By appointment

LECTURES: Tuesday, periods 7-8, 2316 Fifield Hall.

COURSE DESCRIPTION: Professional skills development, including job searching, resume writing, interview skills, professional etiquette, communications, and salary negotiations. Guest speakers, panels, and role playing will give students an opportunity to learn more about professional development in horticulture.

OBJECTIVES: To successfully prepare students to enter into a career in the horticultural industry.

TEXT: None required

ATTENDANCE/ASSIGNMENTS: Students are required to attend class and to be in class on time. Please do not enter the classroom if you are more than 15 minutes late. If you are more than 15 minutes late or leave more than 15 minutes early, you will be counted as absent. Only documented doctor's excuses or UF-approved activities will be excused. Anything you do in class that diverts your attention from the class will result in an absence. Examples of diversions include, but are not limited to: reading, sleeping, working on another course, texting, web surfing, Twitter, Facebook, Minecraft or any other smartphone games/apps, crossword puzzles, Sudoku, crocheting, building lego models, etc. **More than three unexcused absences will result in a failure of the course.** Assignments turned in late will have five points deducted for every day the assignment is late. Many assignments for this course will be submitted via **Canvas**. Please let the instructors know if you are unfamiliar with the Canvas E-learning interface.

Assignments and in-class participation cannot be made up.

ELECTRONIC DEVICES: Students are required to turn off their cell phones and other electronic devices before entering the classroom. Use of cell phones for texting, emails, calls (does anyone really do this anymore?), web browsing, gaming, etc. during class is unacceptable.

Academic Honesty, Software Use, UF Counseling Services, Services for Students with Disabilities

In 1995 the UF student body enacted a new honor code and voluntarily committed itself to the highest standards of honesty and integrity. When students enroll at the university, they commit themselves to the standard drafted and enacted by students.

In adopting this honor code, the students of the University of Florida recognize that academic honesty and integrity are fundamental values of the university community. Students who enroll at the university commit to holding themselves and their peers to the high standard of honor required by the honor code. Any individual who becomes aware of a violation of the honor code is bound by honor to take corrective action. The quality of a University of Florida education is dependent upon community acceptance and enforcement of the honor code.

The Honor Code: We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.

On all work submitted for credit by students at the university, the following pledge is either required or implied: **“On my honor, I have neither given nor received unauthorized aid in doing this assignment.”**

The university requires all members of its community to be honest in all endeavors. A fundamental principle is that the whole process of learning and pursuit of knowledge is diminished by cheating, plagiarism and other acts of academic dishonesty. In addition, every dishonest act in the academic environment affects other students adversely, from the skewing of the grading curve to giving unfair advantage for honors or for professional or graduate school admission. Therefore, the university will take severe action against dishonest students. Similarly, measures will be taken against faculty, staff and administrators who practice dishonest or demeaning behavior.

Students should report any condition that facilitates dishonesty to the instructor, department chair, college dean or Student Honor Court. It is assumed all work will be completed independently unless the assignment is defined as a group project, in writing by the instructor.

This policy will be vigorously upheld at all times in this course.

Software Use:

All faculty, staff and students of the university are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against university policies and rules, disciplinary action will be taken as appropriate.

Campus Helping Resources

Students experiencing crises or personal problems that interfere with their general wellbeing are encouraged to utilize the university’s counseling resources. Both the Counseling Center and Student

Mental Health Services provide confidential counseling services at no cost for currently enrolled students. Resources are available on campus for students having personal problems or lacking clear career or academic goals, which interfere with their academic performance. The Counseling Center is located at 301 Peabody Hall (next to Criser Hall). Student Mental Health Services is located on the second floor of the Student Health Care Center in the Infirmary.
